

# HARVARD SPLITS

January 2, 2007 -- THE new magazine 02138, geared to Harvard grads, isn't above the muck of gossip. The latest "Power Couple" issue features some of the university's biggest alumni divorces, starting with the **Aga Khan**. The horse breeder/philanthropist faces a settlement of up to \$1 billion in his divorce from his wife of eight years. Staples founder **Tom Stemberg** might have to part with a similar sum to ex-wife **Dola Hamilton Stemberg**, who split in 2005, soon after his girlfriend, **Katherine Chapman**, gave birth to their son. The article also includes **Jeffrey Skilling**, the former CEO of Enron sentenced to 24 years in prison.
